

Figure S5

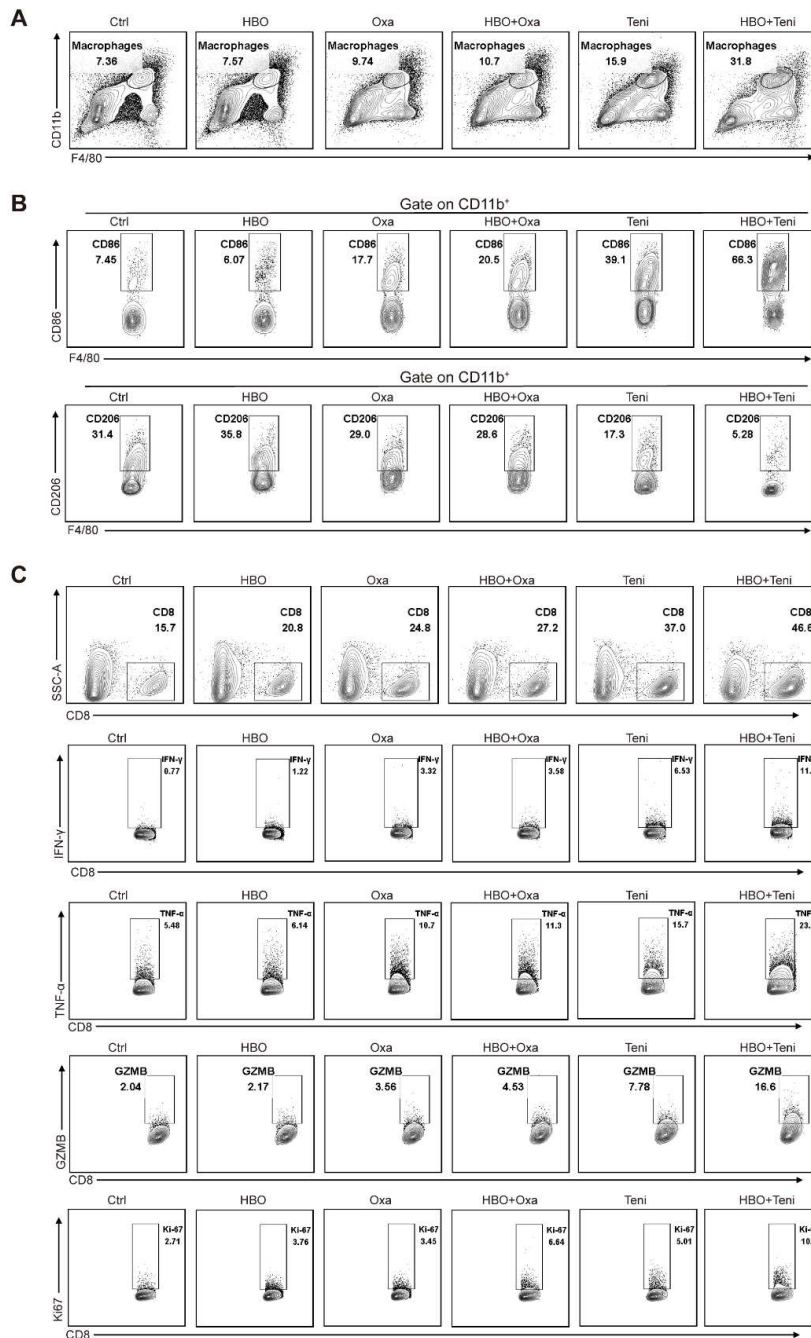

Figure S5. Representative flow cytometric plots of tumor-infiltrating immune cells.

(A) Representative flow cytometric plots of macrophages (CD11b⁺F4/80⁺) in tumor tissues. (B) Representative flow cytometric plots of M1-like macrophages (CD11b⁺F4/80⁺CD86⁺) and M2-like macrophages (CD11b⁺F4/80⁺CD206⁺) in tumor

tissues. (C) Representative flow cytometric plots of CD8⁺T cells, IFN- γ ⁺CD8⁺T cells, TNF- α ⁺ CD8⁺T cells, GZMB⁺CD8⁺T cells and Ki67⁺CD8⁺T cells in tumor tissues. (n=3 per group). GZMB: granzyme B.
