

Supplementary Figure 1 circ-0000512 suppressed the expression of miR-622 in TNBC cells

(A) circ-0000512 up-regulation inhibited the expression of miR-622 in MB 231 and Hs578T cells. (B) circ-0000512 down-regulation increased the expression of miR-622 in MB 231 and Hs578T cells. ** $P < 0.01$ vs. Control group.

Supplementary Figure 2 Correlation analysis of circ-0000512, miR-622 and CMTM6 expression in TNBC tissues

(A) circ-0000512 expression was negatively correlated with miR-622 in TNBC tissues. (B) circ-0000512 expression was positively correlated with miR-622 in TNBC tissues.
